## Programme

**09.30-10.45** Hand out of diplomas and mingle for students and staff

**10:45** Line-up to enter Hammarskjöldsalen, your program manager has a sign showing which side of Hammarskjöldsalen the entrance takes place.

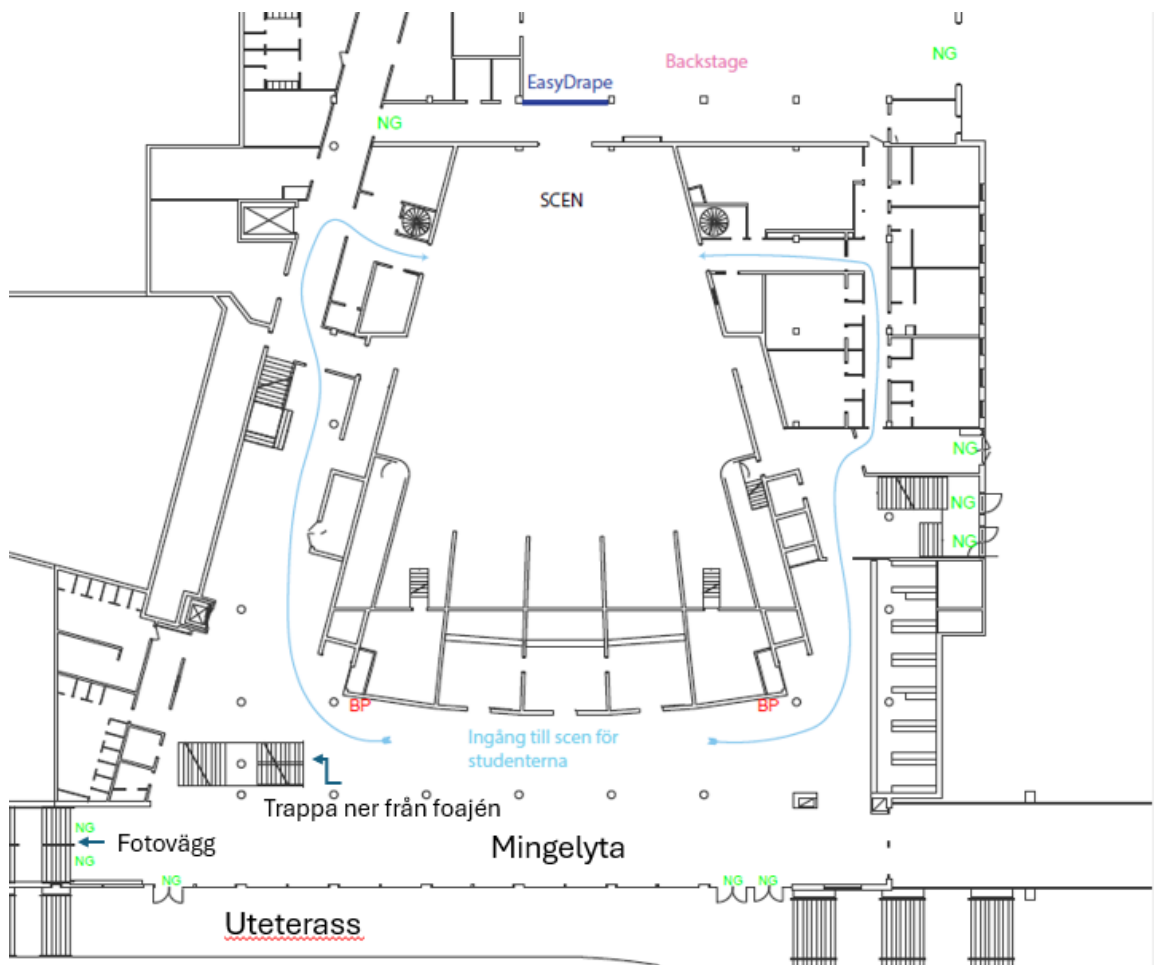

**11.00-12.00** Entry takes place and the closing ceremony starts.

The program manager enters the stage first. When you enter the stage, a jingle is played, and during that time you remain at the front of the stage. After that, a fanfare is played and the emcee thanks your program and you make room for the next program by standing further back on stage, where you remain throughout the ceremony.

As there will not be an opportunity to practice how to enter and exit Hammarskjöldsalen, a sketch of how this will take place is attached below.

## Sketch of the stage floor and exit from Hammarskjöldsalen

Blue arrows show how you position yourself on stage. There will be markings on the floor. Keep an aisle open in case someone needs to leave the stage.

Pink arrows show how you exit the stage.

When leaving the stage, staff from HLK will stand by each staircase and give a signal when it is time to go out. Follow the one next to you.

When the closing ceremony is over there will be an opportunity for you and your relatives to celebrate together. Elmia keeps the bars in the foyer open.

**We hope we will have a fantastic day together!  
Don't forget to enjoy the day!**
