ACADEMIC YEAR  
2023/2024

# WHY JU?

## INTERNATIONAL PROFILE

- Ranked among the top 25 universities in the world in student mobility (U-Multirank 2021).
- Multicultural campus with 2,000 international students from 100 countries (2021).

## AMAZING STUDENT LIFE

- A very active, international student union on campus with many student associations to get involved in, whatever your interests are.
- One of the best introduction weeks in Europe, including a Kick Off Festival in August.
- A well established buddy programme, welcoming our new students in the beginning of each semester.

## SERVICE TO INTERNATIONAL STUDENTS

Some examples:

- Guaranteed accommodation
- Local pick-up service
- Academic support
- Student health care

## COMBINATION OF THEORY AND PRACTICE

- An entrepreneurial spirit throughout the education at JU.
- Students get the opportunity to practice what they're learning through company projects, case competitions, internships, group work and more. Jönköping University has 800 partner companies.

## TOP QUALITY EDUCATION AND RESEARCH

- Research-based education, integrating the latest research into our teaching.
- Our business school is ranked among the top 100 European business schools by The Financial Times (2022) and is double accredited by both EQUIS and AACSB.
- The School of Engineering is accredited by ACEEU.
- Our world-renowned research in ageing at our School of Health and Welfare has a positive impact on society.

## EMPLOYABILITY

- Approximately 90% of our students gain employment within 2 months after graduation, one of the highest rates among universities in Sweden.

# WHY SWEDEN?

## QUALITY EDUCATION

Sweden is highly ranked when it comes to quality of education. In the most recent U21 ranking of national higher education systems, Sweden ranked #5 in the world.

## COUNTRY OF INNOVATION

Sweden is one of the leading countries in the world when it comes to innovation and entrepreneurship.

## EQUALITY AND SUSTAINABILITY

Sweden is often cited as being in the forefront in terms of equality and equal rights for all parts of society and is also highly culturally diverse and tolerant towards all religions and faiths.

## CLEAN, SAFE AND CLOSE TO NATURE

Sweden is known for being a safe, clean, and beautiful country, covered with lakes and forests. This is a country that is regularly cited as one of the top places to live in the world.

## NO LANGUAGE BARRIER

In Sweden, most people speak English, usually at a high level. The EF English Proficiency Index- the world's largest ranking of English skills- ranks Sweden #4 in the world among non-English speaking countries.

START AN INTERNATIONAL CAREER.

# JÖNKÖPING INTERNATIONAL BUSINESS SCHOOL

Jönköping International Business School, JIBS, is a double accredited, globally-connected, modern business school that is anchored in Scandinavian management traditions.

## INTERNATIONAL FOCUS

We are the most international business school in Sweden and will offer you a truly international experience. Around 50% of JIBS programme students and teachers are from other countries. This means that your study environment is enriched by diverse perspectives and offers great opportunities for inspiring collaboration, much like it is in an international company.

## DOUBLE ACCREDITED

Being accredited helps JIBS stay on top when it comes to continuous improvement in education, research and the connection of the two. Focusing our efforts on sustainable change and ensuring quality are what makes us relevant and helps you further your career.

ENGINEERS OF TOMORROW.

## SCHOOL OF ENGINEERING

Our vision is to be one of the leaders in Europe in developing and spreading new technology and knowledge that will reinforce the international competitiveness of enterprises.

### A BROAD BASE OF SKILLS

Our goal is to prepare you for achievement in business and give you an education that meets market demands. Our courses have a broad technical knowledge base to equip you with engineering skills and to stimulate entrepreneurial spirit. As a student at School of Engineering you will meet students from all over the world. Students come here to study programmes on bachelor or master level as well as for an exchange semester.

### TOP OF THE CLASS

The School of Engineering is one of Sweden's leading educators and a member of the CDIO initiative, which is a prestigious collaboration between leading engineering schools worldwide. We are also world leaders for research in materials and manufacturing technology for casting. Contact with industry is important to ensure that what you learn is anchored in reality. We have many partnerships with leading companies such as Saab, Volvo, Fagerhult, Scania and Husqvarna Group.

MAKE A DIFFERENCE FOR TOMORROW.

## SCHOOL OF EDUCATION AND COMMUNICATION

School of Education and Communication offers programmes within the areas of teaching education, communication, global studies and human resources.

### A PLACE TO GET INSPIRED

Openness, inclusion and creativity are words that describe both the educational programmes and the school's way of working. We have a welcoming study environment offering a close dialogue with professors and lecturers. All programmes are based on both practice and science, and advanced research is part of the education from early on.

### FOCUS ON SUSTAINABILITY

Globalization, climate issues, digitalization and inclusion in society are aspects of sustainability that are central to both education and research. The research areas focus on the conditions for education and communication. It spans the humanities, behavioural sciences, social sciences, theology, natural sciences and media and communication sciences.
